

MIPSCON

29th-31st May, 2026

4.0

MIPSCON 4.0 & HandsOn MIPSIs 9.0

By DYPU Fellowship in Pain Medicine Program &
Mumbai Pain School, In association with
Departments of Anatomy & Anaesthesia,
DY Patil University School of Medicine

Conference Venue:

29th May 2026
Courtyard by Marriott,
Navi Mumbai, India

Intended Audience:

Spine & Pain Physicians,
Anaesthesiologists, Fellows in Pain
Medicine, PG/MD Students

Workshop Venue:

30-31 May 2026
DY Patil University School of Medicine,
Nerul, Navi Mumbai, India

Theme:

USG, Fluoro, Regenerative &
Endoscopic Spine Procedures

Welcome to **MIPSICON 4.0 & MIPSIs 9.0 Hands-On Workshop**

Advanced Hands-On Interventional Pain Program

Join one of India's leading practice-oriented pain medicine workshops, bringing together experienced clinicians, emerging specialists, and a high-impact, skill-driven academic environment.

About Us

What is MIPSICON ?

MIPSICON 2026 is a three day program that combines a CME-driven academic foundation followed by hands-on workshops, designed for pain physicians, anaesthesiologists, spine specialists, fellows and postgraduate students, with a clear focus on practical skill development and real-world clinical application.

MIPSICON at a Glance

It is a structured, high-intensity academic experience designed for practicing clinicians, featuring:

- Evidence-based learning
- Live procedural demonstrations
- Small-group, skill-based training
- Supervised practical exposure

This program is structured to bridge the gap between knowledge and hands-on clinical execution.

Advancing Pain Medicine Through Precision, Skill and Education

Here is what that looks like in practice:

- Rooted in research
- Safe, structured interventional training
- Clinically relevant content that translates directly to patient care
- Stronger procedural accuracy for practitioners at every level
- Sharper clinical decision making across pain practices

In pain medicine, the gap in training doesn't just affect the practitioner. It affects every patient on the table.

Key Features of MIPSICON 2026

1

Hands-On interventional pain procedure training

2

National and international faculty

3

Fluoroscopy and ultrasound-guided workshops

4

Structured modules for basic and advanced skills

5

Highly targeted clinical audience

Program Schedule

29th May, 2026

**MIPSICON 4.0
Conference & CME**

Timing: 08:00 AM - 05:00 PM

- Courtyard by Marriott,
Navi Mumbai

30th May, 2026

**MIPSIs 9.0 Hands-On
Workshop (Basic)**

- Ultrasound Guided Hands-on Workshop
- Fluoro Guided (Cadaveric) Hands-on Workshop

Timing: 08:30 AM - 05:00 PM

- Anatomy Dissection Hall,
DYPUSOM*

31st May, 2026

**MIPSIs 9.0 Hands-On
Workshop (Advanced)**

- Ultrasound Guided Hands-on Workshop
- Fluoro Guided (Cadaveric) Hands-on Workshop

Timing: 08:30 AM - 05:00 PM

- Anatomy Dissection Hall,
DYPUSOM*

MIPSICON 2026

Course Breakdown

**Ultrasonic Guided Hands-
On Workshop(Basic)**

Build Your Core Precision

Designed for immediate clinical
application

30th May, 2026

Core Modules:

Shoulder

- GH
- AC
- Suprascapular
- SASD
- Rotator Cuff
- Biceps

Knee

- 4-compartment approach
- Key pain targets

Wrist & Hand

- Median
- Ulnar
- Radial
- Carpal Tunnel
- De Quervain's

Spine Basics

- Facet
- MBB
- Epidural
- Thecal
- Paravertebral

Also Covered

- Hip Joint
- GT Bursa
- PENG Block
- TAP
- ACNES
- II/IH
- QL
- LFCN
- Genicular
- Meniscus
- IT Band

Outcomes

- Start USG-guided injections
- Avoid common errors
- Build procedural confidence

Course Breakdown

Ultrasonic Guided Hands-On Workshop(Advanced)

Precision to Power

For clinicians expanding into high-value interventions

31st May, 2026

Advanced Modules:

Cervical & Spine

- GON
- TON
- CMBB
- Selective Nerve Root
- Facet

Lumbar & Pelvis

- SIJ
- Caudal
- Piriformis
- QF
- Pudendal
- Ischial Bursa

Sympathetic Blocks

- Celiac Plexus
- Stellate
- Hypogastric

Face & Head Pain

- Supraorbital
- Trochlear
- Mandibular
- Maxillary
- Glossopharyngeal
- TMJ
- SPG

Extremities

- Ankle
- Achilles
- Plantar
- Joint
- Compartments
- Elbow
- Epicondyles
- Tendons
- Cubital Tunnel

Nerve Targets

- Sciatic
- Tibial
- Saphenous
- Sural

Truncal Blocks

- Intercostal
- SAP
- Paravertebral
- ESP

Course Breakdown

Fluoro-Guided Hands-On Workshop(Basic)

Build Your Interventional Foundation

Master the essential procedures that
define a pain physician

30th May, 2026

Core Modules:

Epidural Access & Fundamentals

- Interlaminar Epidural
- Transforaminal Epidural
- Safe Needle Entry Techniques

Facet & Medial Branch

- Lumbar Facet Injection
- Medial Branch Block (MBB)
- Basics of RFA Targeting

Caudal & Neuroplasty

- Caudal Epidural
- Caudal Neuroplasty Concepts

Sacroiliac Joint

- SI Joint Injection
- Pain Targeting Strategy

Introduction to Pain RFA

- Joint Denervation
- Knee RFA (Standard and Cooled Concepts)

Cancer Pain Interventions (Introduction)

- Celiac Plexus
- Superior Hypogastric
- Ganglion Impar

Outcomes

- Perform core spine interventions independently
- Understand needle positioning under fluoroscopy
- Reduce procedural fear and hesitation

Course Breakdown

Fluoro-Guided Hands-On Workshop(Advanced)

From Precision to Mastery

For clinicians ready to perform high-value interventional procedures

31st May, 2026

Advanced Modules:

Headache & Facial Pain Interventions

- Gasserian Ganglion RFA
- Balloon Compression Techniques

Advanced Spine Interventions

- Cervical Facet and RFA
- Advanced Transforaminal Approaches

Sympathetic & Complex Pain

- Celiac Plexus RFA
- Splanchnic Nerve RFA
- Hypogastric Neurolysis
- Ganglion Impar RFA

Vertebral Augmentation

- Vertebroplasty
- Kyphoplasty Concepts

Spine Endoscopy Introduction

- Needle Entry Pathways

Neuromodulation Basics

- Lead Placement Concepts
- Entry Planning

Outcomes

- Perform advance interventional procedure
- Expand into high-value clinical practice
- Build authority as a true interventional pain specialist

Faculties

International Faculties

Dr. Vikram Patel
Chicago, Illinois, USA

Dr. Pavel Genov
Moscow City Hospital
52, Moscow, Russia

Registration

Registration Fees

Date	Details	Upto 1st May	1st May - 29th May
29th May	CME & Conference	Rs. 5000 / USD 65	Rs. 7000 / USD 95
30th May	Ultrasound Workshop (Basic)	Rs. 15,000 / USD 197	Rs. 19,000 / USD 250
30th May	Fluoro Workshop (Cadaveric - Basic)	Rs. 19,000 / USD 250	Rs. 25,000 / USD 320
31st May	Ultrasound Workshop (Advanced)	Rs. 15,000 / USD 197	Rs. 19,000 / USD 250
31st May	Fluoro Workshop (Cadaveric - Advanced)	Rs. 19,000 / USD 250	Rs. 25,000 / USD 320

- A working Lunch, Morning & Evening Tea is included in the cost for three days
- Basic theory lectures would be taught online to all workshop participants to maximize hands on time
